

MESSAGE FROM THE DIRECTOR

Dear Friends,

While we celebrate and wish each other joy and peace in this season, we remember the misfortune, be it man made or God's act, that happened to people in different parts of the world. They are in our prayers and we wish that through difficulty we will all grow more courageous and hope will replace fear and despair. We look forward to joining hands and to working together for a brighter future. The Paris Agreement which was concluded towards the end of 2015 is a positive sign for us to look to the world's joint collaboration.

The world economy is recovering though not with flying colors. China, in the midst of the "New Normal", is still the center of the world's attention. It is the second largest economy in the world. The launch of the new Silk Road plan dubbed as "One Belt, One Road", the introduction of the Asian Infrastructure Investment Bank (AIIB), the inclusion of the RMB in the basket of the IMF's Special Drawing Rights (SDR) for example put China in a more important and hopeful position in the world. What is important is that all these initiatives are of the intention that "all parties win".

Luncheon hosted by the Chief Executive Mr. Leung Chun-ying at the Government House

Riding on the bandwagon of China's ambitious plan of "One Belt, One Road", together with its proven advantage of "One Country, Two Systems", solid foundation of rule of law, and mature and transparent financial system and market, Hong Kong is doing very well and will continue to thrive. Following the launch of Shanghai-Hong Kong Stock Connect, the Shenzhen-Hong Kong Stock Connect and the pledge of the Central Authority to enhance Hong Kong's status and function in the nation's economic development mentioned in the 13th Five-Year plan, it will definitely bring Hong Kong to another new height, especially in the financial industry. However, we shall not

be complacent on where we are. The world is changing. The pace of change is especially fast in Mainland China. We hope that the newly set up Innovation and Technology Bureau will take Hong Kong to another frontier of success.

Promote Dialogues and Exchanges

Since its establishment, the Foundation has made every effort to encourage dialogues and exchanges between Hong Kong, Mainland China and counterparts around the world. At our annual delegation to the U.S. led by the Foundation's Executive Committee Chairman Mr. Ronnie Chan in July, we met new friends and renewed friendships with our old connections inside the Beltway and New York, to share and exchange views on issues related to Hong Kong, Mainland China and in the U.S. Just before President Xi Jinping's visit to the U.S., the Foundation brought six senior U.S. journalists to Beijing, Xi'an and Hong Kong in early September, under the China-U.S. Journalists Exchange Program which was jointly organized with the All-China Journalists Association and the East-West Centre. The program

Meeting with Mr. Tung Chee-hwa, Vice Chairman of Chinese People's Political Consultative Conference and first Chief Executive of HKSAR

offers the U.S. journalists opportunities to see and understand China, and a group of five Chinese journalists also visited New York and Washington D.C. to learn more about the States. Though misunderstanding and misconceptions cannot be reoriented in one visit, they were inspired to think outside the stereotypes of both nations.

Hong Kong is an ideal place for ideas exchange. Many thought leaders around the world visited the city throughout the year. During their visits to Hong Kong, the Foundation arranged meetings where members of the Foundation as well as local thought leaders could discuss and share their insights with each other. They included delegations of Congressmen and congressional staffer from the U.S.; a political party leader from Japan; professors from Korea and from the U.S.; a fund investor from Israel; and an investment agency from France. The Foundation also hosted speaking luncheons for Chinese ambassadors posted overseas including the Ambassador to the United Nation Mr. Liu Jieyi, the Ambassador to Japan Mr. Cheng Yonghua and the Ambassador to Korea Mr. Qiu Guohang during their visits to Hong Kong.

The Foundation from time to time invited local thought leaders and government officials to share their observations, analysis and vision on various subjects from positioning and competitive advantage of Hong Kong and updates about China and world political and economic developments. Speakers invited included Mr. Tung Chee-hwa, Vice Chairman of the Chinese People's Political Consultative Conference and first Chief Executive of the HKSAR; Mr. Rimsky Yuen, Secretary for Justice; Mr. Raymond Tam, Secretary for Constitutional and Mainland Affairs; Mr. Cheung Chi-kong, Member of the Executive Council and Executive Director of the One Country Two Systems Research Institute; and Mr. Franklin Lam, Founder of HKGolden50. In October, the Chief Executive Mr. Leung Chun-ying hosted a luncheon for the Foundation's members where views on subjects related to developments of Hong Kong were exchanged.

Be Competitive, Be Innovative and Be Smart

To keep ourselves competitive, especially for a mature economy like Hong Kong, we need to move ahead, not just keep abreast of developments worldwide. Investment in research and development and innovation and technology are crucial to strengthen our competitive edge. This is what we repeatedly advocate in the annual China Urban Competitiveness Report prepared by the Chinese Academy of Social Science and supported by the Foundation. The Foundation also supported the APAC Innovation Summit 2015 and Smart City Campaign organized by the Hong Kong Science and Technology Parks Corporation. The JCI Hong Kong Business Academy 2015, sponsored by the Foundation, also featured “Innovation and Start Up” as the theme for this year. Members of our Foundation and some invited business leaders shared their valuable experiences and gave advice to Hong Kong’s youth. We are pleased to see the establishment of Innovation and Technology Bureau in November. We look forward to a smarter and more competitive Hong Kong.

This year, the annual Shanghai conference that the Foundation organized together with the Shanghai Academy of Social

Meeting with U.S. Congressional Black Caucus Delegation

Science and Shanghai CPPCC, discussed how Hong Kong and Shanghai could contribute to and leverage the opportunities arising from the launch of “One Belt, One Road” grand plan. Senior government officials, experts and academia from both cities participated in the discussion at the conference. Following the deliberation of different organizations on the role and opportunities for Hong Kong, we need to act and progress fast.

Young people are our future. The Foundation encourages Hong Kong’s younger generation to develop a global view, not just caring about the local society, but also our country and the world. The 9th Hong Kong Cup Diplomatic Knowledge Contest, jointly organized by the Foundation, the Office of Commissioner of the Ministry of Foreign

Affairs in the HKSAR and the Hong Kong Education Bureau, offers a platform for primary and secondary students to learn more about international affairs as well as our nation’s foreign policies.

Appreciate Your Support

The Foundation treasures the continued support of our Foundation members, counterparts and friends. Without such, the Foundation would not have achieved such gratifying results. We are especially grateful to have two new Corporate Sponsors and one new Council Member joining us this year. The new Corporate Sponsors are Nu Skin Greater China and Fantasia Group, represented by Mr. Andrew Fan, Regional President and Mr. Pan Jun, Chairman of the Board of Directors & CEO respectively. Mr. Alex Yip, Chief Executive Officer, Greater China of Lockton Companies (Hong Kong) Ltd is our new Council Member. Again, I would like to express my sincere thanks to you. Challenges may lie ahead but opportunities come along too. We look forward to working with you to build a better and brighter future!

DELEGATIONS & EXCHANGES

The Foundation spares no effort in promoting dialogue and understanding between Hong Kong, China and the global community. We believe that through mutual discussion and first-hand experience, we can build better international understanding between the East and the West.

Annual Delegation to the United States

Each year, the Foundation organizes delegation to the United States. The goal is to provide an annual update about Hong Kong's present situation, share our perspectives on developments in China, exchange views with interlocutors in the U.S. and gauge the temperature in the Beltway, as well as better understand their views on developments in Hong Kong, China, the U.S. and the China-U.S. relationship. Led by the Foundation's Executive Committee Chairman Mr. Ronnie Chan,

the delegation visited Washington D.C. and New York from 6 – 9 July 2015. This year, the Foundation invited Dr. David Wong, Chairman of Business & Professionals Federation of Hong Kong as the invited expert of the delegation.

2015 China-U.S. Journalist Exchange

In an effort to enhance the understanding of China and Hong Kong by the American media, since 1996 the Foundation has invited six to eight American journalists each year to visit China and Hong Kong. The Foundation sponsored and organized their trip. With the support of the Ministry of Foreign Affairs of the PRC, the program enables the journalists to meet with senior central government officials in Beijing and local municipal officials in one of the second or third tier cities in China. The Foundation also organizes meetings with key industry and business players, academic and research institutions and media figures to broaden the participants' network other than providing them an overview of the cities they have visited. This year, the Foundation, in association with the All-China Journalists Association (ACJA) and the East-West Center, organized the Sixth China-U.S. Journalists Exchange program, as an expansion of the original Hong Kong Journalism Fellows program by adding the visit of the Chinese

journalists to the U.S. The theme of this year's program is "Bridging the Gaps in Understanding between China and the United States".

A delegation of six senior U.S. journalists visited Beijing, Xi'an and Hong Kong from 5 – 16 September 2015 while five Chinese journalists visited New York and Washington D.C. in the U.S. during the same period. After their respective study tours, all Chinese and American journalists met in Washington D.C. to report on their experiences and to exchange opinions on how media coverage of each country can be improved. Through direct dialogue with local authorities and communities in different areas and seeing the developments for themselves, the U.S. journalists gained better understanding of the current situation and future development of Hong Kong and Mainland China.

With the Founder of HKGolden50

On 14 May 2015, the Foundation was pleased to have Mr. Franklin Lam, Founder of HKGolden50 invited to share with our members and guests his views on Hong Kong's future. The outlook of the world in the next 5 - 20 years – will deteriorate from static to miserable as ageing populations and debt overburden most economies and make for ugly politics. Mr. Lam pointed out that Hong Kong, situated at the heart of a growth region, is poised to be a shining star in an increasingly desperate world, with potential to rival London and New York within a decade. But there are three bottlenecks that stand in the way of Hong Kong rising to the promise of its “Golden 50 Years” and Hong Kong must add substantial hard and soft capacity to overcome these hurdles.

Chaired by the Foundation's Executive Committee Chairman Mr. Ronnie Chan, the seminar was joined by Council Members Ms. Winnie Chiu, Mr. Thomas Woo, Mr. Philip Ma, Mr. Leung Wai-fung, Dr. Raymond Leung, Mr. Frankie Yeung, Mr. Peter Lo, Mr. John Lee, Mr. Kin Yeung, Mr. Lee Yuen-hong, Mr. Anson Chan, Mr. Billy Yung and Mr. Andrew Yu; Executive Director Ms. Karen Tang; guests Mrs. Eva Cheng, Mr. Maurice Leung, Mr. David Chin, Ms. Margaret Ng, Mr. Johnson Kong, Mr. Peter Kung, Mr. Alex Yip, Mr. Alfred Lee, Ms. Linda Choy, Mr. Stephen Wong and Mr. Gordon Kee.

SUSTAINABLE DEVELOPMENT OF HONG KONG

With globalization, rapid change and worldwide competition, we cannot be complacent regarding the current state of affairs. The Foundation, in collaboration with renowned research institutes, conducts studies on the competitiveness of urban cities in China as well as benchmarking world cities in the pursuit of excellence. We also recognize the importance of Hong Kong's youth development and the cultivation of a green environment and corporate social responsibility for the betterment and sustainable development of Hong Kong.

2015 China Urban Competitiveness Report

Organized by the Foundation and co-organized by the Center for City and Competitiveness of the Chinese Academy of Social Sciences (CASS) and the Hong Kong Institute of Asia-Pacific Studies of the Chinese University of Hong Kong, the press conference of the 2015 China Urban Competitiveness Report (Hong Kong) was held in Hong Kong on 18 May 2015. Led by Prof. Ni Pengfei of the CASS, the theme of the 2015 Report was "Giant hand: lift the new map of Chinese cities", indicating that the integration among cities and regions under the new trend of socio-economic development is going to sustain the future of China. The press conference was chaired by the Foundation's Executive Director Ms. Karen Tang where Prof. Ni gave a presentation on the report and further explained the overall competitiveness of Hong Kong and Prof. Shen Jianfa from the Chinese University of Hong Kong commented on the findings about Hong Kong.

According to the Comprehensive Economic Competitiveness Index in 2014, the top ten cities are Shenzhen, Hong Kong, Shanghai, Taipei, Guangzhou,

Tianjin, Suzhou, Beijing, Macao, and Wuxi. Hong Kong was surpassed by Shenzhen in comprehensive economic competitiveness and was ranked second. The report commented that Hong Kong was over-dependent on trade, financial sector, shipping, tourism, and professional services, while the attention to small-scale, emerging, and potential industries was not enough. Facing challenges and opportunities ahead, Hong Kong was suggested to prepare and grasp every opportunity in the process of cooperation with mainland China, in order to minimize the risk of marginalization. Hong Kong should play the role of "super-connector" well to facilitate "going-out" and "bringing-in" and to create a win-win situation for Hong Kong and Mainland China.

Before the press conference, the Foundation's Executive Committee Chairman Mr. Ronnie Chan chaired a luncheon discussion where members of the Foundation and invited guests exchanged and shared their views on the report. Noting the key suggestion of the report on Hong Kong's competitiveness,

At the press conference: (L to R) Prof. Ni Pengfei, Ms. Karen Tang and Prof. Shen Jianfa

the Foundation's members and guests focused their discussions on the importance of innovation to strengthen and sustain the future development of Hong Kong. Invited guests including Mr. Nicholas Yang, the then Advisor to the Chief Executive and current Secretary for Innovation and Technology, Mrs. Regina Ip, Member of Executive Council cum Legislative Council, Prof. Anthony Yeh, Chair Professor of Department of Urban Planning and Design of the University of Hong Kong, Mr. Kwok Kwok-chuen, former Government Economist and Mr. Daniel Cheng, Deputy Chairman of Federation of Hong Kong Industries, also shared their views at the luncheon discussion.
